

## CURRYS RED

Hook - Double 6 - 12

Tag - Oval Silver

Tail - GP red breast wound

Rib - Oval Silver

Rear Body - Red Floss

Veilings – Red feather fibres

Centre Hackle - Cream Badger

Rib - Oval Silver

Front Body - Black Floss

Veilings – Red feather fibres

Wing – Jungle Cock roofed    Front Hackle - Cream Badger cock

Secure the hook in the vice. Tie in the thread and wind down to the point tying in a length of Oval Silver. Wind the Oval 4 turns backwards to form a tag, take the Oval between the 2 hooks and pull back towards the head. Secure with the thread and trim off. Tie in a Golden Pheasant Red breast feather by the tip. Double it and wind 3 turns. Be gentle as the tip is very delicate. Brush the fibres out so that they are evenly spread around the hook and tie down and trim off. Take a few turns of thread over the base of the feather for security. Tie in lengths of Silver Oval and Red floss, secure with the thread and trim off. Wind the floss to the midpoint forming the rear body. Rib with the Oval and trim off. Cut 2 slips of Red feather and tie one in on each side of the hook as veilings, they should be as long as the body segment. Tie in a Cream Badger cock hackle by the tip. Double it and wind 3 turns, tie in and trim off. Tie in a lengths of Silver Oval and Black floss, secure with the thread and trim off. Wind the floss up to the head to form the front body. Rib with the Oval and trim off. Cut 2 slips of Red feather and tie them one in on each side of the hook as veilings, they should be as long as the body segment. Tie in a Cream Badger cock hackle by the tip, double it and wind 3 turns, tie in and trim off. Prepare a pair of Jungle Cock eyes and tie in so that they lie slightly flat with the inside edges close together (this is called Roofed) on the top of the hook, bind in tightly and trim off. Form a neat small head and whip finish. Now apply several coats of thin clear varnish to produce a smooth shiny head.
