Secure the hook in the vice. Tie in the thread and wind down to the point tying in a length of Oval Silver. Wind the Oval 4 turns backwards to form a tag, take the Oval between the 2 hooks and pull back towards the head. Secure with the thread. Tie in lengths of Silver wire and Silver Holo and take the thread to the midpoint and trim the waste. Wind the Holo up to here to form the rear body. Rib with the wire and trim off. Tie in a Sunburst Yellow cock hackle by the tip. Double it and wind 4 turns. Prepare and tie in a bunch of Hot Orange and Yellow Bucktail 2 times longer than the hook. Tie in four strands of Pearl Krystal Flash. Prepare and tie in a bunch of Black Bucktail slightly longer. Tie in a length of Silver wire. Take the thread to the head binding everything down and trim off the waste ends. Return the thread to the middle. Tie in a length of Black floss and wind the thread to the head. Wind the Floss up to form the front body and tie in. Rib with the wire, tie in and trim the waste. Tie in a Hot Orange cock hackle by the tip. Double it and wind 4 turns. This hackle should be the same length as the middle hackle. Tie in a Kingfisher Blue cock hackle by the tip. Double it and wind 3 turns. This hackle should be the shorter. Prepare a pair of Jungle Cock eyes and tie in. Form a smooth head tying in a strand of Pearl Krystal. Dab a bit of superglue on the head and wind the flash to over the head. Tie off and whip finish. Now apply several coats of thin clear varnish to produce a smooth head.
