

KINERMONY SHRIMP

Hook - Black Salar
Tag - Oval Silver small
Tail - GP Red Breast
Rear Body - Oval Silver medium
Mid Hackles - Yellow cock
 Orange cock
Rib - Oval Silver small
Front Body - Black floss
Hackle - Silver Doctor Badger cock
Eyes - Jungle Cock
Head - Fire Orange

Secure the hook in the vice. Tie in the thread and wind down to the point tying in a length of Oval Silver. Wind the Oval 4 turns backwards to form a tag, take the Oval between the 2 hooks and pull back towards the head. Secure with the thread and trim off. Tie in a Golden Pheasant Red breast feather by the tip. Double it and wind 3 turns, tie in and trim off the waste stalk. Be gentle as the tip is very delicate. Brush the fibres out so that they are evenly spread around the hook. Take a few turns of thread over the base of the feather for security. Tie in a length of Medium Oval Silver. Wind the thread to the midpoint and trim off the waste. Make sure the underbody is smooth as this will assist tying the body. Wind the Oval tinsel up to here in tight touching turns, snug them together with your thumb nail if needed, forming the rear body. Tie in and trim the waste. Tie in a Yellow cock hackle by the tip. Double it and wind 2 turns, tie in and trim off. Tie in an Orange cock hackle by the tip. Double it and wind 2 turns, tie in and trim off. Tie in lengths of Oval Silver and Black floss. Wind the thread to the head binding everything in and forming a smooth underbody. Trim off the waste. Wind the Floss up to the head to form the front body and tie in. Rib with the Oval, tie in and trim off the waste. Form a smooth bed for the hackle. Tie in a Silver Doctor Blue Badger cock hackle by the tip, double it and wind 3 turns, tie in and trim off the waste. Prepare a pair of Jungle Cock eyes and tie in as eyes. Pull back the waste stalks and bind in tightly, trim off the waste. Form a neat head and whip finish. Now apply several coats of clear varnish to produce a smooth shiny head.
